

## MINI-ME VOICE RECORDERS

Our Voice Recorders will bring your craft creations to life by making them talk! Our new Mini-Me will allow you to record and store your own personal voice message. Mini-Me is simply perfect for Dolls, Teddies, Toys, Pillows and many other craft creations.

### *Add a new dimension to your gift!*

Mini-Me could easily be sewn into the foot of a Teddy or the Hand of a Doll. Your message can be up to 10 seconds long and played back at any time, simply with a push of a button. Mini-Me has a concealed Record Button, so it will store and protect your message.

### *Enhance any gift, anywhere in the world and in any language. The 10 second re-recordable message can carry speech, music or any sound effect.*

Mini-Me is finished in white colour and measures just 45mm in diameter and 20mm in thickness. The unit can be re-recorded as many times as you wish, until you are happy with your message. Three AG13 Button Cell batteries power the unit, but please note that these are not replaceable.

*Wish someone a Merry Christmas!*

*Say I love you or send a special hello to family in other countries.*

*Cheer someone up with a Get Well Soon message!*

*Say Congratulations for a great achievement!*

*Say Thank You or sing a song*

*Put a smile on someone's face by sending them a message to remember. It's the next best thing to being there!*

*Maximum recording time 10 seconds*
