

## NEW TALKING PHOTO ALBUM with 100 Minutes Recording

Our Talking Photo Album will bring your memories back to life by adding a new dimension to your photographs.

### Features:

20 pages in a double sided Flip Style Album.  
Each page holds a single 5x7" Photo, (125x175mm).  
Record a separate voice message on each page using the built-in Microphone.  
Total recording time: 100 minutes, across 20 pages.  
Removable SD Card memory storage.  
Each page has an individual PLAY/STOP Button.  
Earphone Socket, (3.5mm Phono)  
Built-in Speaker with Volume Control  
Replaceable Batteries: 3 x AAA, (supplied)

*Add a Photo to the Front Cover!*

### Special Feature:

Voice recordings are stored on a removable SD Card.

This unique feature allows you to transfer your recordings from the Album to your PC.

You can also pre-record each page by loading the SD Card with sound files from your PC.

### 100 minutes of recording time!

*For example: 5 minutes recording per page or any combination across the 20 pages.*

Recordings are preserved forever, even when the batteries are being replaced.

You can re-record each page as many times as you wish!

**SD Card Memory**  
*Transfer recordings to and from your PC*
