

Talking Tour Guides

See it, Feel it, Hear it

Personal, Practical & Memorable - but what is it?

- A New Talking Guide?
- A New Corporate Souvenir?
- A New Information Leaflet?
- A New Cash-Flow generator?
- A New Product Display?

It is a Multi-Sensory System that can be adapted to help provide a memorable experience of your products and services.

Your customers will have the opportunity to revisit a multimedia version of your venue, in their own home at a later date, with you promoting yourself in the best possible way.

Build loyalty, memories and excitement in your clients and cash flow for your business

Place your printed Advertising here, on the front and on the back of the unit

Link your Product & Service features to sound. Press each of the buttons to hear a customised audio message

Place your Map, Guide, Event Planner or Product here

Place your CD & DVD here?

Walk your customers through a tailored experience controlled by you

Provide information, excitement and fun with voice & sound effects

Place a signed Picture & Autograph here? Or maybe you would like to place a second sound card here for extra capacity?
