

## TALKING TREASURE HUNT

The Talking Treasure Hunt Game is a perfect gift for children. Instead of hiding written clues, you can record and playback your own spoken clues.

This new concept encourages your child to listen and follow instructions. You can alter your clues to suit any age or ability. Re-record and playback clues time and time again!

Children simply love the excitement of a Treasure Hunt! Use them inside, outdoors, in the classroom, at home or in the garden.

The pack contains 6 Voice Recorders that are very easy to use and re-recordable. The Voice Recorders have replaceable batteries, so you can reuse them again and again.
