

VOICE PAD

WHAT IS A VOICE PAD?

The Voice Pad is simply the most exciting thing to happen to a Greeting Card in years. It is a revolutionary device that allows you to record your own voice message. The Voice Pad is sold separately from the Greeting Card, allowing you to stick it into any Card or Gift of your choice.

This Voice Pad features high quality re-recordable sound, providing the ultimate in personal greetings to the recipient of the card. It is ultra thin, small and light, enabling it to be sent safely inside a card for the cost of a single 1st Class stamp.

The Voice Pad is a totally universal product that fits any occasion throughout the greetings calendar. The Voice Pad can also be used as a recordable gift tag or in any event where greeting cards and gifts are usually used.

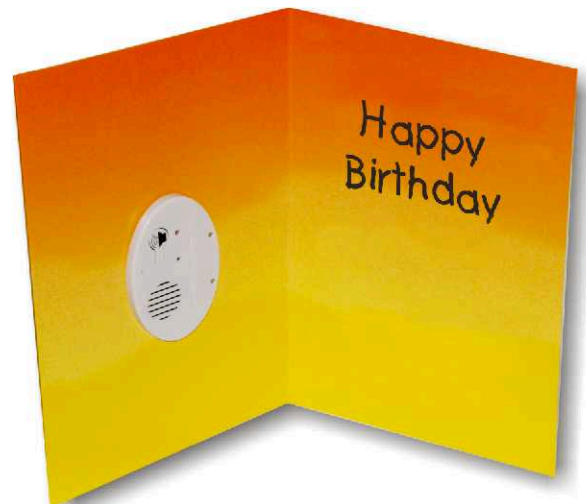

Everyone has their own taste in artwork, so this new concept allows YOU to make YOUR own choice of card. The Voice Pad will fit into any card, bought from any shop.... it's your choice.

A NEW DIMENSION !

The Voice Pad can enhance any greeting, anywhere in the world and in any language. It's 10 seconds re-recordable message can carry speech, music or any sound effect. The Voice Pad will add a new dimension to your greetings.

Say Thank You, tell a joke, say I love you or wish someone a Merry Christmas. Cheer someone up with a Get Well Soon message, send a special hello to family in other countries or to say Congratulations for a great achievement. The Voice Pad is perfect for any occasion !
